Superior's New Silver Dollar Acquisition Program

IT'S TIME FOR SOME DOWN TO EARTH WORDS ABOUT RARE COIN INVESTMENTS.

Suddenly everyone seems to be selling rare coins as investments. And diamonds, art prints, etc., etc. This is fine. But as the west's leading coin dealer for three generations (almost half a century), we believe we can offer you much more than the Johnny come latelies.

Superior's staff of expert professional numismatists have earned the respect of collectors, investors and their peers throughout the industry in virtually every area of specialization . . . ancient coins, world issues, United States rare coins and currency, et al. We have helped assemble some of the most importatn collections in America . . . and are ready to use these same resources in building your collection/investment portfolio, no matter what your budget is.

Our philosophy is simple. Stay away from anything other than time-tested coins with a proven track record and a consistent history of being in demand. We will choose only those coins that collectors will eventually want when the time comes for you to sell. And this leads us to suggest our new BRILLIANT UNCIRCULATED SILVER DOLLAR ACQUISITION PROGRAM.

WHY SILVER DOLLARS

The large U.S. Silver Dollars, not minted since the 1930's, are the most popular coins with collectors, investors, and even the general public who used to enjoy giving them as presents . . . when they still could be purchased from banks for a paper dollar! Each silver dollar contains 416 grams of pure silver, giving it a high intrinsic value. The "Morgan" silver dollars, minted from 1878 to 1921, and the Peace silver dollars, produced from 1921 to 1935 are all beautiful coins. . . particularly the Brilliant Uncirculated specimens which we strongly recommend for purchase.

Lastly, and perhaps most important, silver dollar mintages have felt the ravages of time. Under the Pittman Act of 1918, over 270 million Morgan silver dollars were melted by the government! Fewer than I in 100 of those originally made have survived in the Brilliant Uncirculated condition that collectors prize.

Silver Dollars have shown amazing price appreciation, tripling in the past five years, with increases generally of 50% to 300% just in the last twelve months!

While past performance cannot give assurance of future trends, we strongly feel that silver dollars as a whole will continue to pace the numismatic market. And we are not alone.

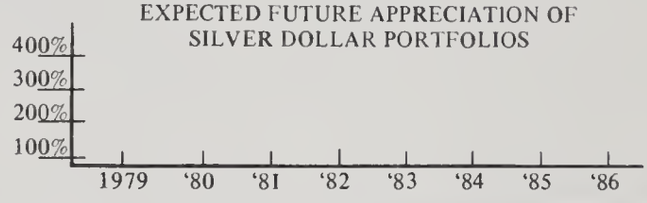
In recent years, considerable seriosu research has delved into the silver dollar field. Out of such studies has emerged expert estimates of how many of the silver dollars minted 50-100 years ago have survived in Brilliant Uncirculated quality. The findings of one researcher, Les Fox, are summarized below:

Type	Original Mintage	Percentage Lost	Percent Surviving	
			UNC	Choice BU
Morgan	657 Million	78	2	0.2
Peace	191 Million	69	9	0.5

This means that perhaps as few as 2.5 million Morgan dollars and less than a million Peace dollars are extant in Choice Brilliant Uncirculated condition. By dividing the 2.5 million Morgan dollars into the 98 different dates and mint-marks, one determines that the average number of choice pieces available per date is a miniscule 25,000! Similarly, for the short-lived Peace dollar series, there is an estimated average of only 40,000 choice coins per date!

Is there any wonder then, that researcher Fox predicts across the board increases of over 200% in the next decade for choice Morgan dollars, and over 400% for the Peace dollars. Individual coins in both series carry projected price increases of as much as 1000% in just the next ten years!

Acutally, based on recent market activity and world economic conditions we believe that these projections may prove to be on the conservative side.



No we didn't make a mistake. The above graph was intentionally left blank . . . since the only graph that should interest you is the actual performance of the silver dollars in your portfolio!

This is an exclusive offer.

Because we want to give our clients the individualized time and service that they deserve, we are offering this Silver Dollar Acquisition Program only to our past cusomers and friends . . . readers of our popular publication "Money Talks", bidders at our record-setting auction sales, etc. No more than 100 applicants will be accepted so that we can maintain the Superior standard. The staff of Superior Stamp & Coin Co. will do everything in their power to insure your complete satisfaction. Otherwise we wouldn't deserve your business.

Your silver dollar selections will be carefully balanced to create a diversified investment portfolio that will optimize your chances for appreciation of at least 20% per annum . . . or 40% or possibly more. And it doesn't matter whether you sign up for $100 per month or $1000 . . . you will still be treated as though you were a Rothschild. (By the way, it is worth noting that the Rothschild fortune was founded on trading in rare coins.)

All coins are subject to your approval, and you may cancel the program at any time.

Read the full details of how the Superior Silver Dollar Acquisition Program works and then rush the registration form to us in the convenient postage paid envelope.

Important Information Regarding Superiors' Silver Dollar Acquisition Program

How does the Superior Silver Dollar Acquisition Program Work?

It really is quite simple. First you decide how much you wish to invest each month . . . or perhaps you would prefer a single "lump sum" portfolio. Note that this amount can be changed whenever you wish, or the program can be cancelled. There are no contracts.

We will ship your first silver dollar selections immediately. If you wish you may charge your purchases on any major credit card, otherwise please send numismatic and banking references, and we will establish credit for you as quickly as possible.

Your personal numismatic consultant then takes over. You might receive a single rarity, or a few. Perhaps a full roll of twenty glittering Brilliant Uncirculated silver dollars. It will be something different each time . . . chosen just for your diversified Silver Dollar Portfolio. Every coin will be a beautiful Brilliant Uncirculated specimen and will be shipped via registered first class mail.

Should you have any questions or comments about your silver dollars, you are invited to call or write to your Superior advisor. We promise a speedy reply. Of course, any coins that you do not wish to keep for any reason, may be returned within two weeks for an alternative selection or full refund.

Please keep in mind that Superior is not just another rare coin investment firm. Remember our nearly half century of service . . . our staff of internationally recognized experts . . . our reputation. We are proud to hold active memberships in the Professional Numismatists Guild, American Numismatic Society, International Association of Professional Numismatists, and numerous regional and specialized numismatic organizations.

We look forward to being of further service in all of your hobby and investment needs.

1867 "E" GRILL ISSUES
Sc. #86-91

The Grilled issues were produced in an attempt to prevent the re-use of stamps. The grills are waffle-like indentations pressed into the stamp. The idea was to allow the cancellation ink to soak into the grills thus making a permanent cancellation. Today these grilled issues have become relatively scarce.
